Touchstone is located on the Left Corner of Golden Road and Old Troup Hwy at the 4-Way Stop.
There will be Homewood Suites by Hilton on the Right of the 4-Way Stop. Our front door faces Jims Jewelers.

If you have had previous diagnostic studies of the body part being evaluated, please bring those films and reports, or request they be sent to the Center. These studies or reports are very helpful to the Radiologist interpreting your exam.

MAGNETIC RESONANCE IMAGING (MRI)

Please let your MRI Technologist know if you have a pacemaker, surgical clips, a prosthesis, previous surgery, metal implants or any other metal objects in your body. Some implants (e.g. a pacemaker) may be affected by a MRI examination. Clinic personnel will determine whether or not you should proceed with the MR examination.

COMPUTED TOMOGRAPHY (CT)

Abdomen or Abdomen and Pelvis

You have the option of contacting our office to obtain your contrast (2% barium sulfate) two days prior to your exam. Eat a light dinner the evening before your exam and have nothing to eat or drink after midnight. You may take your regular medications with a small amount of water.

Oral Contrast Directions

Abdominal exam is to drink 1 bottle of contrast (450ml) 30 minutes before your procedure. Abdominal and Pelvis exams are to drink 2 bottles of contrast, the 1st bottle of contrast (450 ml) drink 1 hour before your procedure and the 2nd bottle of contrast (450ml) drink 30 minutes before your procedure.
If you are scheduled after 12:00 PM, you may eat a light nondairy breakfast (unsweetened juice or black coffee, dry toast, crackers) up to four hours before your exam.

Tell the CT Technologist:

- If you are pregnant or breast feeding
- If you have had a barium enema or UGI within the last two weeks
- If you have had brain, heart, ear, eye or other surgeries
- If you have had an IVP within 48 hours

Chest with IV Contrast

No food or liquids four hours before exam. Please check in 10-15 minutes prior to your exam.

ULTRASOUND

These are general guidelines. Please contact the center prior to your appointment for detailed instructions.

Abdominal Ultrasound:

Please do not eat or drink (NPO) 6-8 hours prior to the exam.

Pelvic/OB <30 weeks:

Please drink four 8-ounce glasses of water 1 hour prior to your appointment time. Your bladder must be full upon arrival.

Renal Ultrasound:

No prep.
